

Quick Start Guide To:

Swiftpage Sending with Social Sharing

This Quick Start Guide will guide you through how to set up and use the Swiftpage Social Sharing feature.

1. Go to www.swiftpage.com.
2. Input your account details at the top of the screen and click on Submit.
3. When sending out the email blast, you'll go through the normal Send Email Blast steps (Send Now Only).

Send an Email Blast

Select Contacts

Current Contact - JH

Current Lookup - Selected Contacts (Contains: 1 Contact)

Group: All

All Contacts

Email Template: Sample

Email Subject: Test SS Footer *required

*Blast Name: Test SS Footer *optional

4. The following step will ask which Social Media connections you want to attach with the Email Blast. If your Facebook account is the administrator of a business page, a drop down will appear so that you may specify which Wall to post to. Select the Social Media site(s) you want to post to and then click Continue.

Share Email Blast

Share this email blast on your social media sites by selecting the sites below.
If you have not setup your connections, select Connect Account to cancel this email blast and setup your connections prior to sending.

<input type="checkbox"/>		Facebook	QA Swiftpage
<input type="checkbox"/>		Twitter	@RsullivanSP
<input type="checkbox"/>		LinkedIn	Ryan Sullivan

5. This is the Email Blast Confirmation. It will show you the details of the send, including the Social Sharing information. Then click Send Email.
